Enforcement Update / Sting Operations

* SLED alcohol agents continue underage sting operations across the state in both on-premise and off-premise consumption locations as well as regular compliance checks. SLED agents are visiting every liquor store to deliver the new signs about not selling to other retailers. These signs must be posted.

* In the up-state Tobacco Alcohol Compliance Teams (TACT) are on the move. These are NOT SLED alcohol agents; however, they are sending in minors to attempt a buy. If successful they leave a red “non-compliance notification” and possibly a fine. After two red notifications, one client received a letter from the local municipality's atty stating that if a third red notification occurred they would seek to revoke the client's business license.

* Employee Training Programs approved by the Department of Revenue can be found [here](#).

* **Renewals** All alcoholic beverage licenses in the following counties have to be renewed before the end of next month:

Laurens, Lexington, McCormick, Newberry, Oconee, Pickens, Saluda, Spartanburg. There is a 30 day grace period during which you may renew with the payment of a late fee but you may not resume selling alcohol until your licenses are actually renewed.
